Dear Mr. Britton:

**REMOVAL ACTION MEMORANDUM: PETROLEUM UNDERGROUND STORAGE TANKS**

Reference: WMCO:EMT:91-299, S. W. Coyle to G. W. Westerbeck, "Revised Removal Site Evaluation - Petroleum Underground Storage Tank Closures," dated June 14, 1991

The referenced revised Removal Site Evaluation (RSE) for petroleum underground storage tank closures has been reviewed by my office. Based on this review, DOE has determined that this action does not constitute a removal action. The control measures outlined in the enclosed RSE have been determined to be adequate to control the potential release of contaminants.

This letter and the revised RSE should be placed in the Administrative Record to document the removal action evaluation.

If your staff has any questions, please ask them to contact Robert J. Janke at extension 6883.

Sincerely,

  
Gerald W. Westerbeck  
Manager
